

SAVINGS BOOK | 2020

**THANK YOU FOR
PARTICIPATING THIS YEAR!**

WELCOME!

Whether you are new to homeschooling or a seasoned homeschooler looking for inspiration and fresh ideas, we hope you find our sessions informative and enjoyable.

During our live sessions, you will have an opportunity to get your burning questions answered. Please take advantage of it!

In addition, you can meet other participants and exchange ideas in our Facebook group.

DIGITAL HOMESCHOOL CONVENTION | 2020

OUR 2020 SPONSORS

2020 Curriculum Kits launch April 15th!

01.

**Loaded with STEM and
Hands-On Learning**

"We are loving this kit! It was great for me to be able to order one kit and have it come with everything I needed. We are loving Math U See and All About Reading. This kit comes with so many extras and hands-on activities. We appreciate all the learning activities and art opportunities! This is a total win for my active boy!" - Alexis

02.

**Easy to Customize &
Simple to Use**

"She asks me if we can do school every day because learning is so much fun for her... I love how you can customize their kits and create a flexible schedule. The handbooks Timberdoodle provides help you to feel like you can do this as a parent, they help you get organized and help you understand what to expect..." - Lauren P.

03.

**Up to \$100 Back on
Award-Winning Kits!**

PSST: Insider tip!
During our annual Pre-Order Sale, you can get a \$100 gift certificate with any Elite Curriculum Kit you purchase online!

We've never offered a sale this spectacular, and you won't see a better deal this year. See our website at launch for the fine print and details.

04.

Rich in Thinking Skills for Every Grade

"We highly recommend these kits to anyone. Every subject is a lot of fun... I'm very happy that Timberdoodle puts a strong emphasis on critical thinking skills when so many others left that out... We are truly happy with this curriculum and I suggest them to so many others. It's fun to teach and fun to learn." – Bethany

05.

Includes Art & Divergent Learning

(Divergent learning is anything with multiple right answers. E.g. "build a bridge from A to B;" vs. "copy this pattern exactly.")

"We LOVE this kit... There are so many 'fun and artistic' parts that my daughter loves doing and doesn't realize just how much she's learning while completing them." – Anna

06.

All-in-One Kits: Crazy-Smart Homeschooling

These kits include critical thinking skills, language arts, math, science, history, STEM, art, and more.

Your first-grader will build his first robots, your eighth-grader will learn how to fly airplanes, and your high-schooler will build a model engine and write code. Your family will love this! For grades 0-12.
