Thank you so much for joining me at the 2022 Homeschooling Children with Special Needs Summit! It was my pleasure to be able to speak with you on "But What About Social Skills," a major concern for many families!

To help you as you try to honor the person your child is and not the person people think he "should" be, I would like to extend a 15% discount on one of our Charlotte Mason Your Way Form Guides and our Developmental Guide Add-on. What I love about Charlotte Mason's Educational Philosophy is that she starts with the idea that "Children are born persons." I can't think of a more important idea to keep in mind when seeking to educate a child, and especially a child with special needs!
